

STATES OF DELIBERATION

26th January, 2011

**Billet d'État No. I
Article No. 6**

AMENDMENT

Proposed by: Deputy C S McNulty Bauer

Seconded by: Deputy D B Jones

**Public Services Department
States Trading Entities – A New Business Environment**

To insert at the end of the words in the proposition: “and to direct that the Department shall also include States Works in that ongoing evaluation and subsequent report”.

Explanatory note

The report does not contain adequate evidence or justification for taking the decision at this stage to remove States Works from the Department’s ongoing evaluation of the options for changing its current business environment. The purpose of this amendment is to require further evaluation of the options for change in respect of States Works so as to enable a better-informed decision to be reached about its ownership and corporate oversight.
