

BIG Picture of The Bailiwick Curriculum – Promoting joyous and purposeful learning

What are we trying to achieve?

We have high expectations for all our children and young people and the curriculum enables them to become

Successful Learners

Confident Individuals

Responsible Citizens

Effective Contributors

We will ensure all learners are

Healthy & Active

Safe & Nurtured

Reaching their Individual Potential

Included & Respected

How do we organise learning for all learners?

Learning will be enriched through:

Lessons

Learning Environments

Routines

Events

Learning outside the classroom

Out of School Activities

Learners' skills, attributes and beliefs will reflect:

A Growth Mindset

Positive Mental Health & Well-Being

Learning will be delivered through the development of:

Critical Thinking

Teamwork

Creativity

Reflection

Independence

Resilience

All learners will be entitled to a broad, balanced curriculum:

Understanding the Arts

Understanding English, communication and languages

Historical and Geographical and Social understanding

Careers, Employability and Enterprise

Mathematical understanding

Physical development, health and well-being

Scientific and technological understanding

Religion, Philosophy and Ethics

And access core skills across the curriculum:

Communication

Numeracy

Digital Competency

How well are we achieving our aims?

By evaluating the whole child through

Validation

Teacher Assessment

Moderation

Data analysis

Learner Voice

Community Engagement

Parental Involvement

Learning Observations

Learners will be prepared for

Accreditation and Examinations

World of Work

Future Challenges

'The Bottom Line'
We will have young people who

Make good Progress and Attain

Show Positive attitudes to learning

Demonstrate High Aspirations

Make Healthy Lifestyle choices

Participate in the Community

Have respect for self & others
