

Disability Awareness Training

Free Online Training

The Disability and Inclusion Strategy approved by the States in November 2013 (Billet d'Etat XX11) included providing information and awareness raising about disability for the SoG and islanders.

Following consultation with disabled people and a number of charities in Guernsey the States of Guernsey are now offering Disability Awareness Training online.

The training is made up of six short sessions that take about 10 minutes to complete. You can do them individually or all at once.

The training is free and all you need to do is create an account at bit.ly/2cAKeWv Once you have created your account you simply need to go to bit.ly/2djETDZ

This training is available to staff and the public. Please share and encourage as many people as possible to be disability aware.
