

# Information about your Travel

The Health Benefit team at Edward T Wheadon House will arrange your medical travel if you've been referred off-island for specialist care. If you need to contact the team you can e-mail [travel@gov.gg](mailto:travel@gov.gg) or phone on 01481 732402. The office switchboard is open from 8.30 until 4.45 Monday to Thursday and 8.30 to 4.30 on Friday. The office is not open at the weekend.

If you need help with any urgent travel bookings, outside of these office hours, please phone our travel consultants at Hogg Robinson Group (HRG) on 0203 948 6829.

## Travel bookings

At the time of booking please let the team know if you need any assistance at the airport or if anyone else is travelling with you.

## Can I extend my stay in the UK?

Yes, you can extend your stay but you need to pay any extra costs yourself. Please discuss your requirements with the Health Benefit team before your ticket is issued and don't forget to book your travel insurance for this period of your trip and for anyone else who may be accompanying you.

## Photographic Identification (photo i.d.)

You, and anyone travelling with you, will need photo i.d at the airport check-in desks, including when checking in for inter-island flights. The name on your travel confirmation and on your photo i.d must be the same. If you do not have photo i.d., application forms for the Guernsey ID Card are available from the Police Station. You can also contact Sarnia Mutual who produce the cards on **723501**.

## Outpatient appointments

Appointments are normally scheduled at a time that makes it possible to travel to and from Guernsey the same day. Please contact the Health Benefit Team on **01481 732402** if you have any concerns about this. Overnight accommodation is not funded for outpatient appointments.

## The Reciprocal Health Agreement

There is no Reciprocal Health Agreement with the UK. As a patient you will be covered for any unexpected medical treatment you may need while you are travelling. This includes travel the day before and day after your appointment. But, you will need to arrange your own insurance if you choose to travel earlier or stay later than this.

If anyone else is travelling with you to attend your appointment, they will not be covered by this insurance and will need to obtain the own insurance cover. All local residents travelling to the UK can access emergency treatment from a GP, A&E or walk in centre but any further care will be charged for.

## What if I am delayed or my appointment changes?

If your flight or ferry is cancelled please call **01481 732402** as soon as possible to re-arrange. If you are delayed overnight it may be possible to claim reasonable accommodation expenses. To do this you will need to submit valid receipts. Please ensure you travel with enough funds to pay for unexpected expenses while you are away.

If the hospital changes your appointment you will be issued with new tickets. If you do not know the date you will be discharged, you will be issued with a single ticket on the outbound journey. When you know your date of discharge please contact the Health Benefit team to arrange your return journey.

Please take your travel confirmation with you. This contains important booking reference information and may be needed if there are any changes while you are away.

## Charges for drugs and medicines in the UK

Social Security cannot refund the cost of prescriptions dispensed and paid for in the UK.

It may be better to bring the prescription back to Guernsey and ask your doctor for a local prescription.
