

Our Ref: Driving Licence Paper counterpart

To whom it may concern,

GUERNSEY ISSUED DRIVING LICENCE

I wish to advise that The States of Guernsey has **not altered** the format of the Guernsey Driving Licence and will continue to issue Guernsey driving licences which consist of two parts.

A valid Guernsey issued driving licence contains a plastic photo card and a paper counterpart which will show any endorsements or disqualifications which the holder of the licence may have acquired. Both parts of the licence must be available at request for a Guernsey issued driving licence to be considered valid documentation.

Please note, a Guernsey driving licence is issued independently from the UK, therefore I wish to draw to your attention to the fact that there is no access to the Guernsey driving licence database for driving licence confirmation for car hire companies / other parties and they should continue to request both parts of a Guernsey issued driving licence be presented.

Yours sincerely
