Important update to Employment Permits

Open Market Part C – Residential Care Homes

- If you are new to Guernsey or already a resident you can now be granted a Discretionary Resident Permit for Open Market Part C which means you can live and work full-time in any property listed as Part C.
- You do not need to live and work in the same property.
- You do not need to take a break in residence before applying another Discretionary Resident Permit to live and work in Part C.
- There is no limit on the length of time you can live and work in Part C.

Please note, though, that time spent living in Part C of the Open Market does not count towards your qualification for permanent residence in Guernsey or accessing the local market.

Everyone's circumstances are different and we review all cases individually so if you have questions or concerns please get in touch by e-mail or phone and we will be happy to help.

For advice call the Population Management office on 715790 or email: population@gov.gg
