AMENDMENT

Proposed by: Deputy J S Merrett
Seconded by: Deputy H J R Soulsby

To insert a new proposition 3 as follows –

“3. To direct the Committee *for* Economic Development to come back to the States by October 2018 with a report containing –

- a) an implementation plan (which will reflect the ‘20 actions to promote stronger growth’ contained in Appendix 1 of the policy letter) and which clearly sets out an order of priority and time frames for reporting back to the States on all key work streams set out in that policy letter and
- b) confirmation as to which policies and strategies the Committee *for* Economic Development will submit to the States for debate, together with respective timelines.”

Rule 4(3) Information

It is considered that this report will have no, or very limited financial implications as the Committee have already indicated they intend to revert back to the States with this information, but have not set any date for going so in their policy letter.

Explanatory note

This amendment is being placed in order to ensure that the States is more actively engaged in the prioritisation of these critical work areas. The amendment also seeks to ensure there will be clarity as to if/ when and which policies and strategies the States will be able to debate in due course.
