

THE STATES OF DELIBERATION
of the
ISLAND OF GUERNSEY

6th November, 2018

Proposition No. P.2018/108

POLICY & RESOURCES COMMITTEE

THE STATES OF GUERNSEY ANNUAL BUDGET FOR 2019

AMENDMENT

Proposed by: Deputy H J R Soulsby

Seconded by: Deputy E A Yerby

To insert, after Proposition 36, the following Propositions:

- "36A. To agree that, while it is within the mandate of the Policy & Resources Committee to prepare the annual Budget of the States and thus to recommend the creation of any special Funds or Reserves (such as the Brexit Reserve or the Transformation & Transition Fund) which it considers necessary to support the achievement of States' objectives, it is in the interests of good governance and effective coordination that the decision-making process in respect of the use of such Funds or Reserves should be collaborative and cross-Committee.
- 36B. To agree that projects led by the Policy & Resources Committee and funded through a special Fund or Reserve should benefit from independent (cross-Committee) challenge, scrutiny and accountability in the same way as those led by other Committees and States' bodies do by virtue of the Policy & Resources Committee's oversight, and that a mechanism should be found to deliver this.
- 36C. To direct the Policy & Resources Committee, in consultation with the Principal Committees and with other Committees and bodies of the States, to consider how the collaborative and coordinated approach to governance envisaged in Propositions 36A and 36B might be established, initially in respect of at least the Transformation & Transition Fund, and to make recommendations to the States by no later than February 2019."
