

Access to Public Information Request

Date of receipt: 9th January 2019

Date of response: 18th January 2019

Information on Guernsey Police Christmas drink driving campaign.

I would like to know how many out of the 853 drivers stopped during the Christmas police campaign were Guernsey residents and how many were non-residents and the same resident/non-resident breakdown for the 43 drivers breathalysed. Finally I would like to know the number of drivers who were stopped during the campaign while driving hire cars and how many of these were breathalysed.

Response

Further to your request made under the Code of Practice on Access to Information, we can confirm that although 853 cars were stopped, not all were issued with paperwork and we have no need to ask where a person is from for a routine stop.

If they are breathalysed, their information is recorded. Of the 43 drivers breathalysed, two were from the UK. One of those was driving a hire car
