

Application to keep a **Pet Dog**

The intention is to provide those tasked with assessing the suitability of a potential dog owner with a framework of points to raise. This document could be used either as an application form or a check list to go through when undertaking a 'home check'. Assessors will more easily be able to have difficult discussions that need to occur 'because they have to go through the form'. Information in **blue** boxes is provided as a catalyst for conversation and deeper consideration of the risks and responsibilities of dog ownership. The potential dog owner will be asked to sign and date the form to encourage them to provide truthful information. This document can be amended by animal welfare organisations, breeders or landlords to suit their individual needs.

13	Do children regularly visit you home? If so what age groups are they in? Tick as many as you need.	Under 8 years	9 to 12 years	13 to 16 years		
Information	<p>All contact between young children and pets should be directly supervised. This means that an adult:</p> <ul style="list-style-type: none"> • is in close range of the child and pet (preferably holding the child or restraining the pet); and, • can immediately intervene if necessary. <p>Dog bites:</p> <ul style="list-style-type: none"> • As many as half of 12 year old children will have been bitten by a dog. • Most dog bites are from a dog known to the child – their own dog, a neighbour's or friend's dog. In many cases the dog bites after being teased or unintentionally annoyed, for example, approaching a dog when it is sleeping or eating. • Children under the age of 5 years are most at risk of dog bites and are often bitten on the head and face. Bites which may not even break an adult's skin can be devastating on a small child.

COST OF PET OWNERSHIP							
33	How much can you afford to spend on your pet each week not including unexpected costs caused by injury or illness? These costs include feed, preventative worm and flea treatment, vaccinations, dog tax, holiday kennelling, etc.	0 - £2	£3 - £5	£6 - £8	£9 - £12	£13 - £ 15	£16 - £19
		£20-£24	£25-£28	£29 - £32	£33-£35	£36 - £40	£51 - £50

Information	It is generally accepted that the first year of pet ownership can be the most expensive but older animals tend to suffer with age-related conditions such as arthritis, kidney and dental disease which adds to the cost of ownership in a pet's old age. These costs are compiled from studies in the UK, US and Canada in 2014 and therefore may not represent the current weekly costs of pet ownership in Guernsey. Please note, these costs do not include the cost of neutering or unexpected costs caused by injury or illness?					
	Animal	Average annual cost (£)		Average lifespan cost of ownership (£)	Average weekly cost of ownership (£)	
		Upfront (the first year)	Ongoing cost per subsequent year.			
	Dog	1,400 – 4,000 dependent on purchase cost	550 (small)	9,000 (small)	12.36	
1,250 (medium)			20,000 (medium)	27.50		
2,000 (large)			30,000 (large)	41.20		
(lifetime = 14yr)						
34	In some circumstances a condition of ownership is that a dog must be neutered. How do you propose to meet the cost of having your pet neutered?		Savings		A Loan	A Sponsor
	If you have selected 'sponsor' then your sponsor must provide their name and address and they must sign that they are guaranteeing to cover the cost of neutering your pet.		Sponsor Details (only if selected)			
			Name			
			Address			
			Sponsor Signature			
	Note to the Sponsor: By signing you are agreeing to pay the full cost of neutering the pet that the prospective owner is applying to have.					
The requirement to surgically neuter a dog may be waived if the owner can provide a certificate from a local veterinarian whose care the pet is under. Never the less the requirement for the pet not to be breed and not to produce young remains in place.						
Information	The cost of neutering a pet depends on its species, its sex and its size. The bigger a pet is the more it will cost to neuter. The following are rough indications of the cost of conventional neutering of pets locally. Local Animal Welfare Organisations will not pay for your pets to be neutered. You must plan to cover this expense. Prices as of July 2018.					
	Dog	male	castration	£230 for small dogs to £280 for dogs over 40kg		
		female	spay	£275 for small dogs to £345 for dogs over 40kg		
35	Will you be providing health insurance for your pet?		Yes		No	
36	Will you be getting your pet microchipped?		Yes		No

41	Has any member of the household accepted a caution for an animal welfare offence or been convicted of an animal welfare offence?	Yes		No		

C About your prospective pet							
42	What breed of dog are you proposing to have as a pet?					In some circumstances certain breeds of dogs or cross-breeds to which certain breeds have contributed will not be acceptable for ownership.	
43	If you are proposing to have a cross-breed dog what are the breeds that have contributed to the dog?						
44	What will be the age of the dog when you intend to take ownership of it?	Puppy 6 to 12 weeks	Junior 3 to 18 months	Adult 1.5 to years 9	Senior 9 to 12.5 years	Geriatric 12.5 to 14 years	Based on a 14 year lifespan
45	Is the proposed pet male or female and is it already neutered?	Male		Female		Neutered	
47	Is the proposed pet dog already on Guernsey or is it to be imported?	Already on Guernsey			It will be imported into Guernsey		

48	If it is to be imported to Guernsey is it coming from the UK or from somewhere else?	UK			Somewhere else (Please indicate where from)	
Info	Dogs that originate from certain countries have a higher risk of carrying exotic diseases such as Leishmaniosis. Pre-import screening is unreliable and owners are advised to have their dog checked by their vet regularly for evidence of infection. If infection is detected then the dog is likely to need long-term medicine to manage the infection. This can increase the cost of ownership.					
49	If you are getting a pet from off-Island how old will it be when you transport it to Guernsey. Puppies imported from Europe must be over 15 weeks of age.	5 to 6w	7 to 8w	9 to 10w	11 to 12w	Puppies must be 8 weeks old or over. Puppies under 8 weeks must be transported with their mother.
50	Is the proposed pet coming from a breeder, a previous owner or an animal rescue organisation?	Breeder		Previous owner		Rescue Organisation
51	If the dog is coming from the UK and you selected breeder in Q 50 are they a 'licenced breeder'?	Yes		No		Someone who breeds 5 or more litters a year and sells any puppies must have a licence in the UK.
52	Is the proposed pet dog coming through a dealer?	Yes		No		A puppy or dog dealer buys and sells dogs for profit. This is no longer permitted in the UK. Lucy's Law.
53	Has the proposed dog been advertised on a UK website?	Yes		No		If your answer is yes make further checks to determine the source of the dog.
54	Where the proposed pet dog is over 12 months of age has it had a temperament assessment?	Yes		No		Temperament assessments carried out by a trained assessor.
55	Where the proposed pet dog is over 12 months of age does it have any temperament of behavioural problems?	Yes		No		Particularly has the dog demonstrated aggressive or nuisance behaviour e.g. chasing, barking, etc.
56	Where the proposed pet dog is over 12 months of age does it have any known existing medical problems?	Yes		No		For example skin allergies, ear infections, dietary intolerance, epilepsy, etc.
57	Where the proposed pet dog is a pedigree puppy were its parents screened for heritable conditions associated with the breed?	Yes		No		The BVA/KC health schemes are established to reduce the risk of puppies having heritable conditions associated with particular breeds.

59	Is the proposed dog a 'Recognised Assistance Dog' or a 'Canine Generated Independence' dog?	Yes		No	The provider will be a member of 'Assistance Dogs UK' or CGI dogs and will have provide evidence of this.
