Deputy Le Clerc went onto to say “the Committee have met with visiting officials from the UK’s Department for Health and Social Care on the possibility of establishing a new reciprocal health agreement between Guernsey and the UK” and further “we aim to bring a policy letter to the States with full proposals in the next few months. ### Question 2

In the same Statement on the 30<sup>th</sup> January 2019 the President said “meanwhile it remains important to provide a solution for those who are unable to obtain medical cover for travel to the UK at a reasonable cost. What progress has been made with regard to this temporary solution?

### Question 3
