Sir Charles Frossard House  
La Charroterie  
St Peter Port  
GY1 1FH

Dear Sir

REF: FULL/2020/0480

Please find a cheque for £20 enclosed as remainder of payment required.

The replacement extension will be constructed in timber with an outer skin of concrete blocks and smooth render. Insulation on floor and walls will be 75mm kingspan, roof will be 100mm kingspan. Existing drainage will be used as no further drainage required. Water efficiency will comply with building regulations 2012. We intend to re-use as many materials as possible with the remainder being recycled. Any waste unable to be recycled or reused will put in ton bags for collection by a local disposal company. Low voltage lighting will be used and we have taken into consideration thermal properties to minimise the use of fuel. We will ensure we comply in all areas of the building regulations 2012.

Yours faithfully

A handwritten signature in black ink, appearing to read "Glenn Kenny". The signature is written in a cursive style with a large, looped initial 'G'.

Mr Glenn Kenny
