Medical Report

Large Goods Vehicle & Passenger Carrying Vehicle or Vocational (Group 2)

This application form constitutes a record and is issued by the Committee *for the* Environment & Infrastructure in accordance with the Driving Licences (Guernsey) Ordinance, 1995.

Before your driving licence application can be dealt with, Driver & Vehicle Licencing must be satisfied that you are fit to drive the vehicle category you are applying for. For this reason, you are required to complete Section 1 & 2 of this form and arrange with your doctor for him to complete the other sections. You should then bring or send this form, together with your driving licence application form to us. Failure to do so will prevent the processing of your application.
You are responsible for any fee charged by your Doctor's surgery.

IMPORTANT
By Law, you must tell us if you have any illness or disability which could affect your driving. This includes mental as well as physical conditions. Failure to do so could be deemed as an offence.

1. Your details (Please use CAPITALS)

2. Declaration

You must sign this declaration when you are with the Doctor who will be completing the below sections.

I authorise my Doctor, Specialist, Ophthalmologist or Optician to release confidential information to Driver & Vehicle Licencing if any matter affecting my fitness to drive arises:

- in connection with my application for my LGV driving licence or PSV permit or
- during the period that my licence (if granted) is in force

I also give my consent for Driver and Vehicle Licensing to disclose this confidential information to an Independent Medical Advisor for the purposes of determining my fitness to drive.

Signature: Date:

Notes for the Doctor — Please read these notes before undertaking the examination

Please complete the below sections having regard to the "At a Glance Guide to the Current Medical Standards of Fitness to Drive" issued by the UK Government's Driver & Vehicle Licensing Agency.

If you have any doubt about the applicant's fitness for this type of driving, please contact the Driver & Vehicle Licensing's Medical Advisor.

The purpose of the report is to determine the applicant's fitness to drive LGV's or PCV's and it must be submitted by the applicant together with their application to drive these vehicles. Failure to do so will prevent the processing of the application.

Applicants who may be asymptomatic at the time of completion of this report and who later show symptoms of a medical condition should be advised to inform Driver & Vehicle Licensing.

The medical standards for LGV & PCV drivers are higher than they are for ordinary licences and are briefly explained below.

By Law a LGV or PCV licence may not be issued if the applicant:-

- has had an epileptic attack since reaching the age of 5 or
- has visual acuity worse than 6/9 in the better eye or worse than 6/12 in the other eye or if corrective lenses are worn, has an uncorrected acuity in both eyes of less than 3/60 or
- is a new monocular driver unless the applicant held a valid licence on 01/04/1992 and the licencing authority (DVLA/DVL) who

issued the licence had knowledge of the condition before 01/01/1991 and the applicant has a visual acuity of not less the 6/9 in the remaining eye

- is an insulin dependent diabetic, unless the applicant held a valid licence on 01/04/1991 and the licensing authority (DVLA/DVL) who issued the licence had knowledge of the condition before 01/04/1991.
- In addition the licence may be refused if the applicant:-
- has had a myocardial infarction, coronary artery by-pass graft or coronary angioplasty
- suffers persistent arrhythmia
- has uncontrolled hypertension
- has had a stroke, transient ischaemic attack, or unexplained loss of consciousness
- has had severe head injury with continuing after-effects, or major brain surgery
- has Parkinson's disease, multiple sclerosis or meniere's disease
- is being treated for or has suffered a pshycotic illness in the past 5 years
- is there a history of alcohol or drug misuse in the past 3 years
- has serious difficulty communication by telephone
- has diplopia or visual field defect or has any other condition which would cause problems for LGV or PCV driving. (binocular visual field test required)

Important

Use section 11 (Additional Notes) for any essential additional information. If a condition of physical disability can be accommodated for driving by the use of an aid or appliance (if fitted) or if the applicant can drive but should be required to take another medical examination within a stated period of less than 5 years, please say so in section 11.

NB: If you answer "Yes" to any question other than the first question in Section 3, additional notes must be provided.
