Development & Planning Authority,
Sir Charles Frossard House,
La Charroterie,
St Peter Port, Guernsey,
GY1 1FH.

31st July 2020.

Dear Sir,

Please find enclosed my application to reduce the size of my front garden to accommodate the ever increasing size of the vehicles of today. I am requesting to reduce the garden to the same size as the property next door. The brick paving is to be extended to cover the larger area. There will be no alteration to any of the walls, railings or gates.

There are no Sustainable Development matters or Waste Management issues.

I am enclosing two photos taken from each side of the property to show how narrow the area is. The scaffolding shown in the photos is only there as we are currently decorating the property.

Yours sincerely,

M.J. & L. Perchard.
