Application To Erect Safety Balustrade

Dear Sir,

In relation to a Pre Application enquiry, PREA/2020/1449, please find enclosed an Application For Planning Permission form for the above named property.

I would like to erect a safety balustrade on the perimeter of the patio, alongside the swimming pool. There is a vertical drop of up to 1.6 metres which is rather dangerous now that our grandchildren have reached toddler age.

I enclose a cheque for £150 for the application fees and look forward to hearing from you in due course.

Yours faithfully,

Paul Martin
