Dear Sir,

**Ref: Proposed conservatory roof alteration for Mr & Mrs T Ferbrache at
Trevanda, La Marette de Haut, Rue des Marette, St Martin**

Please find attached a “FULL” application for your consideration and approval.

The attached application proposes the removal of the existing conservatory hipped roof, raise the fascia level and apply a flat roof system over with a fibre glass covering.

In each case we recognise this application as being a realistic and reasonable proposal using traditional materials to match those on the main house, none of which should cause your department any issues in supporting this application.

We confirm that the design, including insulation, drainage, water efficiency, materials, waste storage and disposal and the conservation of fuel and power, will meet the requirements of the Building (Guernsey) Regulations, 2012.

We trust this meets your requirements and await your decision in due course.

Yours Faithfully

For and on behalf of Jason Hobbs Architectural Services Ltd

Mr J.R.Hobbs
