

Special import arrangements for animals entering the Bailiwick of Guernsey

Import Licence

Before animals can be imported into the Bailiwick of Guernsey, they must either be on the [general import licence](#) or you must apply for a specific import licence. An application form can be found [here](#).

Notification

In addition to the import licence, you must **notify** the Office of Environmental Health and Pollution Regulation of the upcoming import*.

*The only exception to this is the importation of pet dogs, cats & ferrets, [travelling with their owners](#) (non-commercial movements), from the United Kingdom, other Channel Islands or Isle of Man (UK-Crown Dependency (CD) Customs Union).

Notification of import must be made at least 24 hours in advance of the animal(s) arriving in the Bailiwick.

Please follow this [link](#) to complete the notification.

If you have any issues with this notification form, please contact the States Veterinary Officers on svo@gov.gg or 01481 221161. Office of Environmental Health & Pollution Regulation, Burnt Lane House, Longue Rue, St Martin, GY4 6LD

Data Protection

Please follow this [link](#) for our fair processing notice.
