

1. Do not scale drawings.
 2. Report any discrepancies to the CTO immediately.
 3. The contractor is to check all dimensions against the construction and ensure that all existing and proposed work complies with the planning conditions. Heights, floor levels and other details are to be as shown unless otherwise stated.
 4. It is the responsibility of the contractor to comply with current Building Regulations, and/or other applicable legislation.
 5. The drawing is to be read in conjunction with any separate drawings or documents appearing in connection therewith.
