Access to Public Information request regarding fish landing statistics

Request:

Under the Code of Practice for Access to Public Information, I would please like to request for the previous years' reports on our local fish landings. The only accessible statistics report on gov.gg/fishing is for 2017, and I would kindly like to ask if I could access any of the reports that date back to 2004, as stated are available upon request on the website.

Response provided by Sea Fisheries:

The requested reports are provided in the attached pdf documents.
