

Hoarding Permit

If you need to put up hoarding on a footpath, road or verge interacting with a public highway you will need a permit.

It allows us to:

- Ensure that the hoarding is erected in accordance with health and safety legislation.
- Be aware of the hoarding so members of the public can be notified.
- Ensure that the safety of the public and operatives working in and around the area on the public highway are protected at all times.

Applications to erect a hoarding around a building site next to the highway are included within the application form. It is the responsibility of the qualified contractor who is doing the works to apply for and obtain a permit.

Conditions

A permit only covers one structure and it cannot be issued for both scaffolding and hoarding. If you need scaffolding and hoarding you will need separate permit for both.

You may need a traffic management plan, if this is likely to cause an obstruction to a public highway/road, road closure or obstruct parking spaces. You also need to determine whether listed building consent is required.

Anyone wishing to undertake any works or obstruct the Public Highway requires a permit. To obtain a permit, please complete the  [Road Works - Application Form \[370kb\]](#).

Initial requests can also be made to Traffic and Highway Services via Email to traffic@gov.gg or Tel: 223400.

Once the relevant permissions, plans, orders and insurances are in place you can apply for your permit.

You will need the following before you can submit your application:

- a completed a risk assessment including a design plan and tie methods (where applicable)
- a traffic management plan (where applicable)
- evidence of listed building consent (where applicable)
- Public Liability Insurance

Data Protection - How we collect and use information

The States of Guernsey Health and Safety Executive processes personal data for the purpose of enforcing Health & Safety at work and associated legislation. The personal data collected will vary depending on your business with us, but will be no more than is required for that legitimate and lawful purpose. We may obtain information about you from third parties for any lawful purpose in accordance with the Data Protection (Bailiwick of Guernsey) Law, 2017 ("DPL"). We may also share your personal data with certain other organisations if the DPL allows us to. All the personal data held by The States of Guernsey Health and Safety Executive will be processed in accordance with the DPL. If you wish to know more about the information we have about you, or about the way we use it, you can check our website page www.gov.gg

APPLICATION TO ERECT A HOARDING/SAFETY FENCE ON OR OVER THE PUBLIC HIGHWAY

I/We (Name of Applicant) _____ hereby apply to erect a hoarding/safety fence as described overleaf on/over the footpath and roadway.

at _____

for the purpose of _____

Name of Owner (if private residence) _____

Or Name of Business _____

Name of Erectors _____

Please delete words not applicable

Details of Hoarding					
Height		Length		Width (depth)	
The 'activity' for which the hoarding will be used (e.g. new build, demolition, building repair, painting, etc?)					

Site Specific Information

ITEM	QUESTION (check mark appropriate column)	YES	NO	N/A
I.	Will adequate space be maintained for pedestrians with no reduction of width for intensely used footways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
II.	Will any part of the hoarding be within 450mm the edge of carriageway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
III.	Will the hoarding obstruct or obscure any of the following: traffic signal, traffic signal controller, bus stop, pedestrian crossing, junction sight line, road lighting column, traffic sign, parking bay, or any 'ironwork' in the highway or other street furniture?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
IV.	Will any part of the highway require closure during erection or dismantling operations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
V.	Will any scaffolding be erected within the hoarding? If the answer is 'yes' there will be a requirement for a separate scaffolding application available from https://gov.gg/hse .	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
For hoarding permit applications, a site meeting may be required in order to record and agree the condition of the site prior to works being undertaken.				

How much does it cost and what happens next?

A permit costs £82

Each permit should be applied for at least 7 days in advance of planned start date of erection.

Once your application has been submitted and we have all the information required to process your application, your permit will be issued to you in around five working days. If anything is missing we will contact you.

Invoices will be issued monthly, queries should be directed to housing.invoices@gov.gg
