Access to Public Information request regarding land east of Braye Road Industrial Estate

Request:

I am undertaking a Phase I Desk Top Study for the following site: Land east of Braye Road Industrial Estate, La Valle, Guernsey, GY1 2LZ. I have attached a red line boundary for you.

Would you be able to provide me with any information on the 'Braye Road Garage' (GY3 5PP) located north of the site, or on the 'Braye Road Industrial Estate' located immediately to the west and south?

This can include any previous known industries or land uses located within the existing industrial estate, dates associated with this, or the number and type of petroleum tanks located within the garage.

Response provided by the Planning Service and the Health & Safety Executive:

To date, the Braye Road industrial estate has various industrial and storage uses in addition to a retail use.

The Braye Road Garage tank is divided into two. The 2000 gallon tank is used for storing diesel and the 6000 gallon tank is used to store petroleum. The tank is double skinned and installed in reinforced mass concrete in 1990.
