States of Guernsey

Freedom of Information Request

Date of receipt: 2nd December 2022

Date of response: 10th January 2023

Freedom of Information request regarding States of Guernsey Owned Property

Request:

Please may I have a full list of States of Guernsey owned property assets together with the present value.

Response provided by the Policy & Resources Committee:

Below is a list of those properties owned by the States of Guernsey as per the States Cadastre. This includes General Revenue, Trading Asset and Social Housing properties.

The States' Accounts for 2021 - Billet d'Etat X 2022 P.2022/44 (Appendix IX – page 98) contain information on the valuation of General Revenue fixed assets, setting out the move towards adopting international Public Sector Accounting Standards together with draft carrying values of general revenue fixed assets as at 31st December 2020.

The Ports' Accounts for 2021 - Billet d'Etat X 2022 P.2022/45 (please see Notes to the Financial Statements – page 23) contain information on the valuation of tangible Ports fixed assets. The Ports Accounts are currently prepared in accordance with FRS 102 which is a reporting standard applicable in the UK and Republic of Ireland:

- Property, plant and equipment is stated at cost or valuation, net of depreciation and any provision for impairment;
- Property, plant and equipment is depreciated over their expected useful life except assets in the course of construction;
- Assets under construction are capitalised and are transferred to tangible fixed assets and depreciated once brought into use; and
- All costs associated with capital projects, including professional fees are capitalised.
