HSC Insurance Claims from 2018 - 2022

Request:

Under the Freedom of Information code, please could you provide the following:

- How many claims for compensation the PEH received in the years 2018, 2019, 2020, 2021 and 2022 so far.
- How much money was paid out in compensation in the years 2018, 2019, 2020, 2021 and 2022 so far.
- Please provide the information broken down by year eg 2018: 40 claims, £10,000 paid out in compensation

Response provided by The Committee for Health & Social Care:

To separate out the claims relating solely to the PEH would require an unreasonable diversion of resources because the claims information is not held in that format.

Information provided includes all claims received by Health and Social Care, including Employee Benefits, Liability (General), Liability (Motor), Material Damage, Motor Injury and Motor Own Damage.
