<b>7. Student's Dependants</b>	<b>5</b>
<b>8. Disabled Student Allowance (DSA)</b>	<b>5</b>
<b>9. Interview and Open Day Expenses</b>	<b>6</b>

Students at a UK institution who are given the choice of studying or working overseas as an extension of the course (e.g. students on a voluntary exchange programme)

The travel allowance will be the same as for the UK institution at which the student is enrolled.

### **3. TUITION FEES**

From the 2021/22 academic year, the Department for Education have updated their regulations to allow access to Home Fee status for those students from the Crown Dependencies (Guernsey, Jersey, Isle of Man) who come within the definition of persons settled in the UK and who go to England solely for the purposes of higher education. This will include most UK nationals. It will also include most Irish citizens. This applies to both new and continuing students. In the cases of non-British/Irish nationals, eligibility for Home Fee status will be dependent on immigration status. Please contact Student Finance if you have queries in relation to this and we will do our best to help.

Education is a devolved matter, and the above is applicable to England only. Wales have now changed their regulations similarly from the start of the academic year 2022/23. Although Scotland and Northern Ireland have not altered their regulations, universities in Scotland and Northern Ireland charge Crown Dependencies Home Fees.

This means that students should be charged Home Fees (usually expected as £9,250) and should not have to pay higher overseas rates. The above should apply to all public institutions, although independent institutions can charge higher fees. Please note, eligibility for Home Fees status does not necessarily mean that a student will be eligible for a Student Award from the States of Guernsey. If you have any queries, please contact us in the first instance.

### **4. CALCULATING THE ASSET CONTRIBUTION**

In addition to personal income and company profit, we will assess the parental contribution by reference to capital resources of every kind. Where total capital assets exceed £100,000, an additional contribution calculated on the following rates will be incurred.

Students commencing a new course in 2014 or after	2.1%
---	------

### **5. ALLOWANCES AGAINST GROSS PARENTAL INCOME**

Household containing both the student's parents, including parents by adoption, and/or one parent and their new partner	£47,310 (new partner's income included)
Household containing one of the student's parents, including a parent by adoption	£32,738
Shared household (where a parent may live in a multi-generation household or part own a property with a third party)	£23,655

Parents/partner may claim the following child allowances against their income for other dependent children who will be wholly or mainly dependent on the parents/partner during the student's attendance at university/college.

Other Dependent Children (ages as at 01.09.23):	16 and over	£5,637
	10-16	£4,854
	10 and under	£4,043

## 6. STUDENT INCOME

When assessing a student's income, we disregard the following types of income:

Sponsorship/Scholarship	£4,888
-------------------------	--------

Any income over the disregard levels stated above will be assessed on a pound for pound basis.

We no longer take into account any other student income, but please note that you will need to declare any earnings from paid placement years.

## 7. STUDENT'S DEPENDANTS

If other persons, i.e. a spouse, an adult dependent or a child, are wholly or mainly dependent on the student, the student's maintenance allowance will be increased as follows:

Spouse/Other Adult Dependent	£4,333
Children:	
Under 5	£1,437
5-11	£1,940
12-15	£2,678
16+	£4,325

## 8. Disabled Student Allowance (DSA)

If we agree to meet the cost of a Needs Assessment, the cost of the assessment should not exceed £750.

Normally, assistance as a result of the Needs Assessment recommendations will not exceed the following amounts:

- Major items of specialist equipment £4,680 per course
- Cost of a non-medical helper £11,840 per year

An additional £1,565 per year may be awarded in certain circumstances.

## 9. INTERVIEW AND OPEN DAY EXPENSES

**Please note that the Interview and Open Day Expenses grant is due to be reviewed for 2024/25 .**

Parents may claim a means-tested grant for their children's expenses for the purpose of attending interviews and open days. Parents are permitted to make a claim for one trip to the UK with support limited to £350.

Parents will receive a percentage of the student's costs dependent on their level of income as detailed below:

<b>If gross household income is</b>	<b>% of expenses reimbursed</b>
Not more than £32,310	100%
More than £32,310 but not more than £37,310	75%
More than £37,310 but not more than £42,310	50%
More than £42,310 but not more than £47,310	25%
More than £47,310	NIL

Please note that this is only available for students in year 13. Claims can only be made in arrears, and should be claimed for within 6 months of the trip. Please contact us for a claims form.
