

THE STATES OF DELIBERATION
of the
ISLAND OF GUERNSEY

17th October 2023

Proposition No. P.2023/101

Policy & Resources Committee

Funding & Investment Plan

AMENDMENT

Proposed by: Deputy A D S Matthews

Seconded by: Deputy P J Roffey

To insert additional Propositions as follows:

- “9. To direct the Committee *for* Education, Sport & Culture not to enter into any contractual obligations on behalf of the States or continue with any associated procurement processes nor demolition nor construction of the single post 16 campus described as “Sixth Form Centre in a new building at Les Ozouets Campus co-located with The Guernsey Institute” as approved by the States on 10th September 2021;
10. To direct the Committee *for* Education, Sport & Culture to make such arrangements as necessary to return stability to secondary education with the continuity of provision of Sixth Form education at Les Varendes and to direct the Committee and, if the resources of the Committee are insufficient, the Policy & Resources Committee to provide the resources necessary to provide the secondary and Sixth Form education facilities at Les Varendes as required for the benefit of the community.”

Rule 4(1) Information

- a) The propositions contribute to the States’ objectives and policy plans and are in line with the Government Work Plan priorities.
- b) In preparing the propositions, consultation has not been undertaken with the Policy & Resources Committee.
- c) The propositions have been submitted to His Majesty’s Procureur for advice on any legal or constitutional implications.
- d) The financial implications to the States of carrying the proposal into effect are

determined by a reappraisal of options for Secondary and Post 16 Education. The Committee *for* Education, Sport and Culture have undertaken to provide quality assured information addressing a range of available options.

Explanatory note

This amendment does not change any of the proposals from the Policy & Resources Committee, rather it directs the Committee *for* Education, Sport & Culture to stabilise the current secondary and post-16 education system and reappraise the options for future delivery of non-Selective education in Guernsey.

It allows Members to act more prudently than under any of the Policy & Resources Committee's three scenarios by spending less on capital projects at this time, and reappraising the options for secondary and post-16 education in the light of changed circumstances since the Secondary and Post 16 Education Reorganisation was approved on 10th September 2021.
