

Purchasing Guernsey Technical Standards

Whilst we would encourage the electronic use of the documents, freely available to download on the website www.gov.gg/planning, we aware that in some situations this may not always be possible for some people.

Therefore we will reproduce hard copies of the documents if given sufficient notice. They will be double sided colour photocopies, simply stapled. The cost for each document is detailed below and represents the resource cost, including staff time.

A duty building control surveyor is normally available to provide general guidance at our Frossard House offices between 9am - 10.30am and 3pm - 5pm Monday to Thursday (4.30pm on Friday), during which telephone calls are welcome. Outside these times, an answering service will be available where you can leave a message.

Please note, the duty building control surveyor is able to provide general guidance only. For site specific guidance, please contact the allocated officer.

Please be advised that this guidance note relates only to the situation with regard to Building Control and that separate planning permission may be required in respect of your proposal. You are advised to seek separate, appropriate advice with regard to the position under Planning and development should not be commenced until and unless all necessary statutory consents have been obtained.
