Sexual Health and Relationship Education

Primary sessions delivered by share

YEAR 5

2 sessions

- Pupils will understand some ways to stay safe and the importance of good personal hygiene
- Introduce the concept of puberty and a healthy attitude towards it, including hygiene, and to promote a positive self-esteem. Gender split

YEAR 6

3 sessions

- Emotions and puberty
- Body changes at puberty
- Baby in the family.

Information for parents

Individual lesson plans can be found on the Sex and Relationship Education page at www.gov.gg/SHARE

All lessons are delivered at an age appropriate level. If parents would like to discuss the sessions delivered by the SHARE nurses, they can contact the school, or SHARE at the Education Department on 733072 or email share@gov.gg

SHARE has a good selection of resources on hygiene, growing up, babies and related topics. These are available for loan to parent's teachers and other professionals.

Here is a parent's leaflet available to download

<http://www.education.gg/CHttpHandler.ashx?id=95236&p=0>
