

## **STATES OF DELIBERATION**

**29<sup>th</sup> July 2015**

**Billet d'État No. XIV**

**Article 17**

### **AMENDMENT**

Proposed by: Deputy P L Gillson

Seconded by: Deputy F W Quin

#### **Home Department**

#### **Review of Gambling Legislation- Supplemental States Report**

To add a further proposition, numbered 17A, as follows:

"17A. To rescind resolution X.1 on Billet d'État XXII of 2007 to the extent that it approved recommendation 10 of the 2007 Report."

#### **Explanatory note**

Following consideration of the States Report dated 29<sup>th</sup> August 2007 entitled "Review of Gambling Legislation" included within Billet d'État XXII of 2007 ("**2007 Report**"), the States of Deliberation approved the following recommendation in relation to the introduction of a registration scheme for charitable and not-for-profit bingo ventures only –

**"10.** *Introduce a registration scheme and for the person nominated as “promoter” to provide police check certificate and set the registration fee to cover administrative costs at £50 per person per annum.*"

In line with the pragmatic approach to charitable gambling outlined in paragraphs 3.46 to 3.56 of the Policy Letter dated 27<sup>th</sup> April 2015, the Home Department is now of the opinion that the establishment of a registration scheme specifically for non-commercial bingo is disproportionate at this time and therefore recommends that the 2007 States resolution be rescinded to the extent that it approved recommendation 10 from the 2007 Report.
