STATES OF DELIBERATION

26th June, 2013

Billet d'État No. XI

AMENDMENT No. 4

Proposed by: Deputy M H Dorey
Seconded by: Deputy S J Ogier

Policy Council **Managing the Size and Make Up of the Island's Population**

To insert the following new proposition immediately after Proposition 31:

“31A. To direct the Treasury & Resources Department to investigate and report back to the States of Deliberation at or before their meeting in June 2014 on various mechanisms through which occupation of a Part A Open Market property, for any new residents, could be conditional on the household making a specific economic contribution to the Island.”.

Explanatory Note

In the Policy Council's previous report on the Population Management Regime (Billet D'Etat I of 2012) paragraph 16.32 stated:

“However, the PPG believes that the question of whether or not the States should adopt a definitive strategic objective to use the Open Market as an economic generator for the Island in the future should be examined from a fiscal and economic perspective.”

This amendment is to direct the Treasury & Resources Department to carry out that investigation, in respect of new residents only, and report back to the States.
